1. This is the moment me. Have you seen it/me? Have you recorded it/me? Have you seen my gene, genetic engineering not but me fleshly not but me flesh'd me, the me is, having been **born again not by man's standards/strong parts, but mine! Mine alone, alone**. Not alone, I am with me, in me, secret place exposed, not; by one's thoughts/mind, but his surrender to me, now I expose my'our love to the world, the expose of only me, me doing, bringing this about, where I incarcerate not, I love, lift, laugh and joy rejoicingly with my mine'heart now. I love you all this much and more and have you seen me today/how I work/bring you my words ted? (1). Yea and amen.

2. I speak so subtly so often; people miss me, stomp all over me/my word, and my deliverers I bring them. They stomp them, their arrogance ass'like nature **stomping the humble word I bring them so often**, never seeing light of day, now, that I bring/brought to them, right to them/their ears/sight, and being me, who'd a'thunk it, not; who will be my light'bearer now?

3. Who will write me when having only 7 seconds, minutes, bringing forth/out my word'eth'ing machines, not; but recording me multiplied seconds, not; but firsts making of themselves as they share themselves me, me sharing them'myself, myself being to those who let me, bringing forth my word'gold that transforms, transforms not gold'dust to dustman, but dustmans into bins, not; but bringing transforming that which was dust'bin'd and dust and bin'd to be the real, transformation agent of only me, me transforming the agent real! Into real'land real!
4. I am the real. Have you seen me agent'real?, reader hearer? My words in you real/are real.
5. I love you all. Reveal me all.
6. I record -d this conversation, did you?
7. Where'd you place it, not; what are you doing with my word inside you, that I've brought you, now, through another, to clarify what in you, already in you, was?

8. Now think of me, not opposites, but clarifying clarification of only me now you'I do now forever, unseen not; in unseen realm'eth'ing things that unrealm me and unseen me to be seen, now and forever. Amen.

9. I love you all this much and forevermore reveal me I do, systems seven, not; but many and infinite now I work through my all'surrendered.

10. **Do you surrender to work this way, rested, resting**, **coming through my wordship** that wordreal is, and drills not asunder the main'point to lose, but **loosing the main points to clarification BE, BE STILL**, and know my release'ifestation: manifold release, my manifestation, my word in'being, being my word, clarified, to millions now. Unseen not.

11. Off the shelf software not, dynamic living beings in me'my world now.

12. I love you off the world, not; or shall have been that we o're the moon have jumped, not; but flown over now, many times?
